AFFIDAVIT

Before me a Notary Public, in and for said state, personally appeared Paul J. Steman, Service Director/Fire Chief for the City of Silvertown, Ohio who being by me duly sworn deposes and says that he searched all past records and all documents pertaining to dumping at Skinner Landfill Superfund Site, West Chester, Ohio in 1957 were disposed of on 9/12/90. All people who were in control of the City of Silvertown Service Department in 1957 are now deceased. Please be advised that I, Paul J. Steman, have been in control of the City of Silvertown Service Department since 1975 and I have lived in the City of Silvertown all of my life. I can not imagine that the City of Silvertown would have had any hazardous waste that was hauled to Skinner Landfill; and the only explanation that I might give for dumping at Skinner Landfill would have possibly been if our normal dumpsite was unavailable for a short period of time for some reason.
